

COLLECTION 2020
FOR SEATS / SIÈGES

A close-up, low-angle shot of a person's hands weaving on a large, traditional wooden loom. The person, wearing a red garment, is using a wooden shuttle to pass threads through the loom. The loom is made of dark wood and has a wide bed of threads. A wooden shuttle with a black thread is resting on the fabric. The background shows more of the loom structure and some hanging threads. The lighting is warm and natural.
